Variable Speed Kits for Fans

A new development for all Tecumseh fans and your applications!

Tecumseh introduces Variable Speed Kits for all the fan condensers of the Wintsys and the AJ-Silence condensing units.

Aim of these kits is to meet installers needs in terms of simplicity, quick installation, energy saving. Tecumseh Variable speed Kits give you all the benefits of the variable speed:

Sound improvement

Condensing pressure control

Saving energy

- **Ready to install kits:** Tecumseh has developed the simplest technology for AC, and EC Fans of Wintsys® and AJ silence ranges.
- **A preset solution:** specifically optimized for Tecumseh condensing units (R-404a or R-134a).
- **An all in one solution:** to provide you all the components needed for a quick installation
